Use of Funds for a Standard Project

- Land and building purchases.
- New building construction or renovation of existing building.
- Heavy machinery/equipment purchases (Minimum useful life must be at least 10 years).
- Refinance of loans used for the above purposes.

Benefits for Borrowers

- Low down payment (with as little as 10% down).
- Low FIXED interest rates through the full term of the loan.
- No balloon payments and loan renegotiations.
- Typically no additional collateral requirements.

Benefits for Lenders

- Low loan-to-value (typically 50%).
- Reduced credit risk through partnership funding.
- Lender's loan is secured by a 1st position on asset acquired.
- Required SBA paperwork is prepared by NWBDA.
